

### Plot treatments

E1	Early burn every year	First fire June 2004
E2	Early burn every 2 years	First fire June 2005
E3	Early burn every 3 years	First fire June 2004
E5	Early burn every 5 years	First fire June 2004
L3	Late burn every 3 years	First fire September 2004
Un	Unburnt	No fires

June 2004 fires

### Research projects

-  Fuel dynamics and fire behaviour
-  Grass and tree dynamics
-  Invertebrate diversity
-  Soil ecological processes & macroinvertebrates
-  Skink diversity
-  Grazing by wallabies

### Education

- Establish dedicated walk-through sites at the TWP
- Innovative displays and interpretive facilities
- Range of information products about fire
- Develop university fire ecology course
